Independent Auditor's Report

To the Board of Directors
Amador Water Agency
12800 Ridge Road
Sutter Creek, California 95685

Report on Financial Statements

We have audited the accompanying financial statements of Amador Water Agency, which comprise the statement of net position as of June 30, 2016, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Amador Water Agency, as of June 30, 2016, and changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis schedule of proportionate share of the net pension liability and schedules of plan contributions be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of net position by fund, and the schedule of revenues, expenses and changes in net position by fund are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements.

The schedule of net position by fund, the schedule of revenues, expenses and changes in net position by fund, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of net position by fund, the schedule of revenues, expenses and changes in net position by fund, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 27, 2017, on our consideration of the Amador Water Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Amador Water Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the financial performance of Amador Water Agency (the "Agency") provides an overview of the Agency's financial activities for the year ended June 30, 2016. Please read it in conjunction with the Agency's financial statements, which follow this section.

Financial Statements

This discussion and analysis provides an introduction and a brief description of the Agency's financial statements, including the relationship of the statements to each other and the significant differences in the information they provide. The Agency's financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements.

The statement of net position includes all the Agency's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the net difference reported as net position. Net position may be displayed in three categories:

- Net Investment in Capital Assets
- Restricted
- Unrestricted

The statement of net position provides the basis for computing rate of return, evaluating the capital structure of the Agency and assessing the liquidity and financial flexibility of the Agency.

The statement of revenues, expenses and changes in net position presents information which shows how the Agency's net position changed during the year. All of the current year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses and changes in net position measures the success of the Agency's operations over the past year and determines whether the Agency has recovered its costs through user fees and other charges.

The statement of cash flows provides information regarding the Agency's cash receipts and cash disbursements during the year. This statement may report cash activity in four categories:

- Operations
- Capital and related financing
- Noncapital financing
- Investing

This statement differs from the statement of revenues, expenses and changes in net position because the statement accounts only for transactions that result in cash receipts or cash disbursements.

The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Highlights

- The Agency's net position increased by \$419,355 to \$55,368,523 for the year ended June 30, 2016.
- The Agency's total revenues decreased from \$13,869,891 for the year ended June 30, 2015, to \$13,500,053 for the year ended June 30, 2016. The decrease in grant revenues for the majority of the change.
- The Agency's total expenses increased from \$12,327,132 for the year ended June 30, 2015, to \$13,080,698 for the year ended June 30, 2016. This was driven by an increase in project expenses, additional consulting and legal fees, and an increase to CalPERS unfunded liability.

Financial Analysis of the Agency

Net Assets

The following is a summary of the Agency's statement of net position at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>
<u>Assets:</u>			
Current assets	\$ 3,440,444	\$ 3,137,310	\$ 303,134
Noncurrent Assets:

Restricted	6,395,802	6,231,434	164,368
Unrestricted	(5,917,287)	(5,621,918)	(295,369)
Total Net Position	<u>\$ 55,368,523</u>	<u>\$ 54,949,168</u>	<u>\$ 419,355</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis of the Agency (Continued)

Net Assets (Continued)

Net position increased by \$419,355 from fiscal year 2015 to 2016. This increase was due to project costs being reimbursed by grant revenue.

Restricted net position increased by \$164,368 from fiscal year 2015 to 2016 as a result of the Agency receiving more restricted participation fees and tax assessment earnings than it spent.

Unrestricted net position (those that can be used to finance day-to-day operations) decreased \$295,369 and results from the funding of capital assets beyond the proceeds of grant revenues and long-term debt.

Revenues, Expenses and Changes in Net Position

The following is a summary of the Agency's revenues, expenses and changes in net position for the years ended June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>
Operating revenues	\$ 8,963,363	\$ 8,651,804	\$ 311,559
Nonoperating revenues	4,536,690	5,218,087	(681,397)
Total Revenues	<u>13,500,053</u>	<u>13,869,891</u>	<u>(369,838)</u>
Depreciation expense	3,334,997	3,504,380	(169,383)
Other operating expense	8,086,594	7,382,912	703,682
Nonoperating expense	1,659,107	1,439,840	219,267
Total Expenses	<u>13,080,698</u>	<u>12,327,132</u>	<u>753,566</u>
Change in Net Position	419,355	1,542,759	(1,123,404)
Net Position at Beginning of Year	<u>54,949,168</u>	<u>53,406,409</u>	<u>1,542,759</u>
Net Position at End of Year	<u>\$ 55,368,523</u>	<u>\$ 54,949,168</u>	<u>\$ 419,355</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS

Revenues, Expenses and Changes in Net Position (Continued)

The Agency's operating revenues increased by \$311,559 in fiscal year 2016 due to the implementation of the water shortage surcharge adopted by the Board of Directors during Stage 2 Mandatory Conservation measures. Nonoperating revenues decreased by \$681,397 in fiscal year 2016 primarily as a result of a reduction in grant funds received based on the completion of the GSL.

Operating expenses, exclusive of depreciation, increased \$703,682 in fiscal year 2016, primarily as a result of increased consultants, legal fees and water rights expense based on projects related to grants and drought conservation measures. Nonoperating expenses increased \$219,267 and results from additional debt service interest payments.

Capital Assets

Capital assets consist of the following at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>
<u>Capital Assets Not Being Depreciated:</u>			
Land	\$ 3,810,339	\$ 3,760,652	\$ 49,687
Construction in progress	2,697,542	15,571,462	(12,873,920)
Total Capital Assets Not Being Depreciated	<u>6,507,881</u>	<u>19,332,114</u>	<u>(12,824,233)</u>
<u>Capital Assets Being Depreciated:</u>			
Utility plant	10,783,477	10,783,477	-
Source of supply	2,801,063	2,801,063	-
Pumping plant	679,137	679,137	-
Treatment plant	23,302,793	23,302,793	-
Transmission and distribution	92,622,166	75,110,417	17,511,749
General plant	11,132,466	11,031,799	100,667
Total Capital Assets Being Depreciated	<u>141,321,102</u>	<u>123,708,686</u>	<u>17,612,416</u>
Less: Accumulated depreciation	<u>(50,747,047)</u>	<u>(47,412,050)</u>	<u>(3,334,997)</u>
Net Capital Assets Being Depreciated	<u>90,574,055</u>	<u>76,296,636</u>	<u>14,277,419</u>
Net Capital Assets	<u>\$ 97,081,936</u>	<u>\$ 95,628,750</u>	<u>\$ 1,453,186</u>

Capital assets, net of accumulated depreciation, increased \$1,453,186 for the year ended June 30, 2016. Capital asset additions primarily included construction of the Gravity Supply Line Pipeline, work related to the Ione Water Treatment Plant Backwash Recycling project, as well as Tanner Hydro Environmental Design.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Long-Term Debt

The following is a summary of long-term debt at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>
Certificates of participation	\$ 19,270,000	\$ 19,860,000	\$ (590,000)
Notes payable	21,498,801	20,375,073	1,123,728
Total	<u>40,768,801</u>	<u>40,235,073</u>	<u>533,728</u>
Unamortized discount and premium	323,127	339,488	(16,361)
Total Long-Term Debt	<u>41,091,928</u>	<u>40,574,561</u>	<u>517,367</u>
Less: Current portion	<u>(1,314,388)</u>	<u>(1,113,143)</u>	<u>(201,245)</u>
Total Long-Term Debt	<u>\$ 39,777,540</u>	<u>\$ 39,461,418</u>	<u>\$ 316,122</u>

During the fiscal year 2016, the Agency received proceeds from four loans totaling \$1,696,580. The Agency also reduced its existing outstanding debt by \$1,162,852 during the year ended June 30, 2016 including \$16,361 in amortization of the related bond discount.

Economic Factors and Budget

The Agency's Board of Directors and management consider many factors when setting the fiscal year budget. The Agency has a number of capital improvement projects appropriated for the year ended June 30, 2017, including the Buckhorn Disinfection Byproducts Compliance Project, Lake Camanche Tank 9 and Intertie, Ione Water Treatment Plant Expansion, and the Pioneer Water System Improvements project. The Agency's Capital Improvement Program for the year ended June 30, 2017 is \$7,991,719 is an decrease from the prior year. The Agency's total operating budget for the year ended June 30, 2017 is \$10,282,055 which is a slight increase compared to the adopted operating budget for the year ended June 30, 2016. The budget for the year ended June 30, 2017 does not contain an appropriation for the total Annual Required Contribution as defined in GASB 45. Below is a historical look at water production and customer accounts by service area as of and for the years ended June 30:

	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
<u>Water Production (000 Gals):</u>				
Tanner Plant	624,890	701,050	829,340	826,160
Ione Plant	362,680	392,860	468,050	512,800
Buckhorn Plant	226,010	252,400	294,860	304,910
Lake Camanche Plant	63,450	69,680	80,960	96,530
La Mel Heights Plant	3,890	4,550	5,460	5,580
Total Production	<u>1,280,920</u>	<u>1,420,540</u>	<u>1,678,670</u>	<u>1,745,980</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS

Economic Factors and Budget (Continued)

	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
<u>Customer Accounts:</u>				
Water Connections	7,210	7,187	7,225	7,172
Wastewater Connections	<u>920</u>	<u>915</u>	<u>922</u>	<u>931</u>

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies:

Organization

The Amador Water Agency (Agency) was formed under an act of the Legislature of the State of California, Chapter 2137, Assembly Bill No. 2629, approved by the governor on July 18, 1959. The Agency's territory of authority consists of Amador County. The Agency has the power to do any and every lawful act necessary in order that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the agency, including, but not limited to, irrigation, domestic, fire protection, municipal, commercial, industrial, recreational, and all other beneficial uses and purposes. The Agency has the power to construct, operate and maintain works to develop hydroelectric energy, for use by the agency in the operation of its works or as a means of assisting in financing the construction, operation and maintenance of its projects. The Agency has the power to control the flooding and storm waters of the Agency and the flood and storm waters of streams that have their sources outside of the Agency, which streams and floodwaters flow in the Agency, and to conserve such waters for beneficial and useful purposes of said Agency. The Agency has the power to plan, finance, acquire, construct, operate, and maintain facilities for the collection, transmission, treatment, and disposal of sewage, waste, and storm water. Whenever any area within the Agency is provided with a sewer or storm drain system by the Agency, the Board by ordinance may declare the further maintenance or use of cesspools, septic tanks, or other local means of sewage disposal to be a public nuisance, and may require all buildings inhabited or used by human beings which are not more than three hundred (300) feet from such system or any extension thereof to be connected with the system. The Agency is governed by a Board of Directors consisting of five directors elected by residents of the Agency.

The criteria used in determining the scope of the reporting entity are based on the provisions of GASB Cod. Sec. 2100, "Defining the Financial Reporting Entity". The Agency is the primary government unit. Component units are those entities which are financially accountable to the primary government either because the Agency appoints a voting majority of the component unit's board or because the component units will provide a financial benefit or impose a financial burden on the Agency. The Agency has accounted for the Amador Water Agency Financing Corporation (Corporation) as a blended component unit. Despite being legally separate, the Corporation and the Agency are so intertwined that the Corporation is in substance part of the Agency's operations. Accordingly, the Corporation is included within the financial statements of the Agency.

Significant Accounting Policies

A summary of the Agency's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The Agency utilizes accounting principles appropriate for an enterprise fund to record its activities. Accordingly, the statements of net position and the statements of revenues, expenses, and changes in net position have been prepared using the economic resources measurement focus and the accrual basis of accounting. The Agency's books and records include a General Fund, Agency Water, Wastewater, and the Amador Water Agency Financing Corporation. These funds have been combined in the accompanying statements of net position, statements of revenues, expenses, and changes in net position and statements of cash flows. All material interfund transactions have been eliminated.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Method of Accounting (Continued)

The Agency has not elected to apply the option allowed in GASB Cod. Sec. P80.103 “Proprietary Fund Accounting and Financial Reporting”, and as a consequence will continue to apply GASB Statements and interpretations.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Agency recognizes revenue from water sales, sewer services and other fees when they are earned. Operating activities generally result from providing services and producing and delivering goods. As such, the Agency considers fees received from water sales, sewer services and other fees to be operating revenues. Taxes and assessments are recognized as revenue based upon amounts reported to the Agency by the County of Amador.

Investments

Investments are stated at their fair value which represents the quoted or stated market value. Investments that are not traded on a market, such as investments in external pools, are valued based on the stated fair value as represented by the external pool.

Allowance for Doubtful Accounts

Bad debts are recognized on the allowance method based on historical experience and management’s evaluation of outstanding receivables. The allowance for doubtful accounts receivable totaled \$84,603 at June 30, 2016.

Taxes and Assessments

Property taxes and assessments are billed by the County of Amador to property owners. The Agency’s property tax calendar for the fiscal year ended June 30, 2016 was as follows:

Lien Date:	January 1
Levy Date:	July 1
Due Date:	First Installment - November 1 Second Installment - February 1
Delinquent Date:	First Installment - December 10 Second Installment - April 10

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Taxes and Assessments (Continued)

The County collects the taxes from the property owners and remits the funds to the Agency periodically during the year. The Agency has an arrangement with the County, whereby the County remits taxes which are delinquent as of each June 30 to the Agency in exchange for the right to retain the delinquent taxes, penalties and interest when these amounts are subsequently collected.

Inventory

Inventory consists primarily of materials used in the construction and maintenance of capital assets and is valued at weighted average cost.

Capital Assets

Capital assets purchased or acquired with a cost exceeding \$5,000 and an estimated useful life of more than one year are reported at historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is calculated on the straight-line method over the following estimated useful lives:

Utility plant	40 - 50 years
Source of supply	40 years
Pumping plant	40 years
Treatment plant	40 years
Transmission and distribution	40 years
General plant	5 - 40 years

Depreciation aggregated \$3,334,997 for the year ended June 30, 2016.

Interest

The Agency incurred interest charges on long-term debt. No interest was capitalized during the year.

Amortization

Bond issuance costs and bond discounts are being amortized on the straight-line method over periods not to exceed debt maturities. Amortization of bond issuance costs totaled \$4,814 for the year ended June 30, 2016. Amortization of bond discounts totaled \$16,361 for the year ended June 30, 2016, and is included in interest expense. The deferred amount on refunding is being amortized on the straight-line method over the remaining life of the related debt. Amortization of the deferred amount on refunding totaled \$7,141 for the year ended June 30, 2016 and is included as a reduction to interest expense.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Compensated Absences

Accumulated unpaid vacation and sick leave totaling \$217,589 is accrued when incurred and included in noncurrent liabilities at June 30, 2016.

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources and deferred inflows of resources are defined as a consumption of net assets by the government that is applicable to a future period and an acquisition of net assets by the government that is applicable to a future reporting period respectively. Deferred outflows of resources include a deferred amount on refunding. Deferred outflows of resources and deferred inflows of resources related to pensions are more fully described in Note 9.

Risk Management

The Agency is a member of the Association of California Water Agencies Joint Powers Insurance Authority (Authority). The Authority is a risk-pooling self-insurance authority, created under provisions of California Government Code Sections 6500 et. seq. The purpose of the Authority is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage.

At June 30, 2016, the Agency participated in the self-insurance programs of the Authority as follows:

Property Loss - Insured up to \$150,000,000 per occurrence (total insurable value of \$26,415,124) with \$2,500 deductible for buildings, personal property, and fixed equipment, and a \$1,000 deductible on mobile equipment and licensed vehicles; the Authority is self-insured up to \$100,000 per occurrence and excess insurance coverage has been purchased. Boiler and machinery deductibles vary depending on the type of equipment.

General Liability - Insured up to \$60,000,000 per occurrence with no deductible; the Authority is self-insured up to \$2 million and excess insurance coverage has been purchased.

Auto Liability - Insured up to \$60,000,000 per occurrence with no deductible; the Authority is self-insured up to \$2 million per occurrence and excess insurance coverage has been purchased.

Fidelity Bonds - Insured up to \$400,000 per occurrence with a \$1,000 deductible; the Authority is self-insured up to \$100,000 per occurrence and excess insurance coverage has been purchased.

Public Officials' and Employees and Omissions - Insured up to \$60,000,000 per occurrence; the Authority is self-insured up to \$2 million and excess insurance coverage has been purchased.

Workers' Compensation - Workers' compensation is insured up to statutory amount and employer's liability is insured up to \$4,000,000. The Authority is self-insured up to \$2,000,000 and excess insurance coverage has been purchased.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Risk Management (Continued)

The Agency pays annual premiums for this coverage. They are subject to retrospective adjustments based on claims experienced. The nature and amounts of the adjustments cannot be estimated and are charged to expense as invoiced. The Agency's insurance expense was \$88,534 for the year ended June 30, 2016. There were no instances in the past three years where a settlement exceeded the Agency's coverage.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS website under forms and publications.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2014
Measurement Date	June 30, 2015
Measurement Period	June 30, 2014 to June 30, 2015

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the investment manager has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Fair Value Measurements (Continued)

The Agency's statement of financial position includes the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in the California Local Agency Investment Fund (LAIF) are considered Level 2 assets and are reported at the fair value of the underlying assets as provided LAIF.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Agency considers all highly liquid investment instruments purchased with a maturity of three months or less to be cash equivalents.

Subsequent Events

In preparing these financial statements, the Agency has evaluated events and transactions for potential recognition or disclosure through April 27, 2017, the date the financial statements are available and concluded that there were no events or transactions that needed to be disclosed as described in Note 12.

Note 2 - Cash and Cash Equivalents:

Investments Authorized by the California Government Code and the Agency's Investment Policy

The table below identifies the investment types that are authorized for the Agency by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the Agency, rather than the general provision of the California Government Code or the Agency's investment policy:

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 2 - Cash and Cash Equivalents: (Continued)

Investments Authorized by the California Government Code and the Agency's Investment Policy (Continued)

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Quality Requirements</u>
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
State Obligations	5 years	None	None

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 2 - Cash and Cash Equivalents: (Continued)

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Agency manages its exposure to interest rate risk is by purchasing shorter term and investments assuring that a portion of the portfolio is maturing over time as necessary to provide the cash flows and liquidity needed for operations.

Information about the sensitivity of the fair values of the Agency's investments (including investments held by bond trustee) to market interest rate fluctuations is provided in the previous table that shows the distribution of the Agency's investments by maturity at June 30, 2016.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of the year end for each investment type.

Rating as of Year End

California Local Agency Investment Fund (LAIF)

Not Rated

Concentration of Credit Risk

Concentration of credit is the risk of loss attributed to the magnitude to the Agency's investment in a single issue.

The investment policy of the Agency contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The Agency holds no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represents 5% or more of total Agency investments at June 30, 2016.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Agency will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counter-party (e.g., broker-dealer) the Agency will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure Agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 2 - Cash and Cash Equivalents: (Continued)

Custodial Credit Risk (Continued)

At June 30, 2016, none of the Agency's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. None of the Agency's investments were held by the same broker-dealer (counter party) that was used by the Agency to buy the securities.

Investment in State Investment Pool

The Agency is a voluntary participant in the California Local Agency Investment Fund (LAIF) that is regulated by California Government Code under the oversight of the Treasurer of the State of California. The fair value of the Agency's investment in this pool is reported in the accompanying financial statements at amounts based upon the Agency's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The statements of cash flows have been prepared by considering all investment instruments purchased with a maturity of three months or less to be cash equivalents. Following is a detail at June 30, 2016:

California Local Agency Investment Fund (LAIF)	\$ 1,985,803
Deposits with financial institutions	1,071,034
Total	\$ 3,056,837

Note 3 - Restricted Assets:

Restricted assets were provided by, and are to be used for, the following at June 30, 2016:

<u>Funding Source</u>	<u>Use</u>	
Participation fees and interest earned	Capital improvement and replacement	\$ 934,227
Taxes, assessments and interest earned	Capital improvement and replacement	653,522
Taxes, assessments and interest earned	Debt service	242,601
Taxes, assessments and interest earned	Debt service	16,425
Taxes, assessments and interest earned	Debt service	7,581
Taxes, assessments and interest earned	Debt service	33,711
Taxes, assessments and interest earned	Reserve funds	144,948
Taxes, assessments and interest earned	Reserve funds	24,755
Payments from City of Plymouth, and taxes, assessments and interest earned	Reserve funds	110,579
Payments from City of Plymouth, and taxes, assessments and interest earned	Reserve funds	74,246
		\$ 2,242,595

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, and then unrestricted resources as necessary.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 4 - Due from the City of Plymouth:

The Agency and the City of Plymouth entered into an agreement to share the costs of constructing an 8-mile water transmission pipeline and related water facilities from the Agency's Tanner Water Treatment Plant to the City of Plymouth. The original agreement required the City of Plymouth to pay an 65.82% of the costs of the project. This percentage was subsequently reduced to 60.95% of the costs of the project.

The remaining amounts owed by the City of Plymouth will be paid as requested by the Agency to meet its debt service requirements on two loans that the Agency obtained from the United States Department of Agriculture (USDA) totaling \$5,000,000. The USDA loans have 40 year terms and require interest payments in June of each year and Principal and interest payments in December of each year.

Changes in the due from the City of Plymouth consisted of the following at June 30, 2016:

	<u>Balances at June 30, 2015</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at June 30, 2016</u>	<u>Current Portion</u>

Note 6 - Noncurrent Liabilities: (Continued)

Notes Payable (Continued)

Notes payable consist of the following at June 30, 2016:

United States Department of Agriculture, Rural Utilities Service, secured by the Gravity Supply Line Project. Semi-annual payments of interest only at 2.75% each May and interest plus varying principal amounts each September. Original amount of \$8,330,000. Matures September 2053. Requires deposit equal to 1/10th of the annual installment payment to be made to a reserve fund each year until such balance reaches the average annual installment payment. The Agency has not funded the reserve at June 30, 2016. \$ 8,130,000

United States Department of Agriculture, Rural Utilities Service, secured by the Buckhorn Water Treatment Plant. Semi-annual payments of interest only at 4.25% each May and interest plus varying principal amounts each November. Original amount of \$5,000,000. Matures November 2043. Requires deposit equal to 1/10th of the annual installment payment to be made to a reserve fund each year until such balance reaches the average annual installment payment. The balance of the reserve fund totaled \$144,948 at June 30, 2016. 4,245,000

United States Department of Agriculture, Rural Utilities Service, secured by all revenues and all amounts on deposit at Amador Water Agency. Semi-annual payments of interest only at 4.5% each June and interest plus varying principal amounts each December. Original amount of \$3,000,000. Matures December 2048. Requires deposit equal to 1/10th of the annual installment payment to be made to a reserve fund each year until such balance reaches the average annual installment payment. The balance of the reserve fund totaled \$110,579 at June 30, 2016. 2,760,000

United States Department of Agriculture, Rural Utilities Service, secured by all revenues and all amounts on deposit at Amador Water Agency. Semi-annual payments of interest only at 4.125% each June and interest plus varying principal amounts each December. Original amount of \$2,000,000. Matures December 2048. Requires deposit equal to 1/10th of the annual installment payment to be made to a reserve fund each year until such balance reaches the average annual installment payment. The balance of the reserve fund totaled \$74,246 at June 30, 2016. 1,860,000

Note 6 - Noncurrent Liabilities: (Continued)

Certificates of Participation (Continued)

In March 2006, the Amador Water Agency Financing Corporation issued \$23,240,000 Amador Water System Revenue Certificates of Participation, 2006 Series A. A portion of the proceeds were used to extinguish \$910,000 of the California Special Districts Finance Corporation, 1996 Series AA Certificates of Participation. Net proceeds of approximately \$946,144 were used to purchase government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payment on the 1996 Series AA Certificates of Participation. As a result, the 1996 Series AA Certificates of Participation are considered to be defeased and the liability for the debt has been removed from the Agency's financial statements. The principal amount outstanding on the 2006 Series A Certificates of Participation at June 30, 2016 totaled \$19,270,000.

Although the refunding resulted in a deferred amount on refunding of \$71,410, the Agency in effect reduced its aggregate debt service payments by approximately \$301,344, over the next 10 years and obtained an economic gain of approximately \$60,659. The 2006 Series A Certificates of Participation are payable in annual installments including principal and interest at rates ranging from 4% to 5% and mature in June 2036. At June 30, 2016 the 1996 Series AA Certificates of Participation were paid in full and the deferred amount on refunding totaled \$-0-.

Debt service requirements on the long-term debt are as follows:

Note 8 - Post Employment Benefits:

Plan Description

The Agency provides post-employment health care benefits established by Agency resolution to all qualifying employees. Eligibility for retiree health benefits is as follows:

1. Retirement. Employees hired by the Agency on or before November 1, 2004: Upon retirement from Agency service, regular full-time or eligible part-time employees who have reached age fifty (50), have served a minimum of five (5) years of accumulated CalPERS service, may be eligible for continued medical insurance coverage. Such insurance shall include the employee and their eligible dependents at the time of retirement. At such time the employee and/or his/her dependents become eligible for Medicare coverage, the Agency's policy will provide only supplemental or secondary coverage to Medicare. Retired employees will be required to contribute toward the cost of such insurance as provided in the prevailing memorandum of understanding.

Plan Description (Continued)

2. Retirement. Employees hired by the Agency after November 1, 2004: Upon retirement from Agency service, regular full-time or eligible part-time employees who have reached age fifty (50), have served a minimum of five (5) years of continuous service with the Agency immediately preceding retirement and who have the required credited years of service with CalPERS, set forth below, may be eligible for continued medical insurance coverage. Such insurance shall include the employee and their eligible dependents at the time of retirement. At such time the employee and/or his/her dependents become eligible for Medicare coverage, the Agency’s policy will provide only supplemental or secondary coverage to Medicare. Retired employees will be required to contribute toward the cost of such insurance, per CalPERS Government Code Section 22893, as follows:

<u>Credited Years of Service with CalPERS</u>	<u>Percentage of Employer Contribution for Annuitant</u>

17	85
18	90
19	95
20	100

Funding Policy and Annual OPEB Costs

The contribution requirements of the Agency are established and may be amended annually by the Board of Directors. The Agency’s annual other post-employment benefit (OPEB) cost (expense) for the plan is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with Cod. Sec. P50, “Postemployment Benefits Other Than Pension Benefits - Employer Reporting”. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The Agency’s Board of Directors has established a policy of funding the ARC on a pay as you go basis. The current ARC rate is 14.98% of annual covered payroll. The following table shows the components of the Agency’s annual OPEB cost, the amount actually contributed to the plan, including benefits paid to retirees, and changes in the Agency’s net OPEB obligation for the years ended June 30:

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 8 - Post Employment Benefits: (Continued)

Funding Policy and Annual OPEB Costs (Continued)

Annual required contribution	\$ 884,000
Interest on net OPEB obligation	100,646
Annual OPEB cost (expense)	984,646
Contributions (including benefits paid)	(186,712)
Increase in net OPEB obligation	797,934
Net OPEB obligation - beginning of year	2,669,221
Net OPEB obligation - end of year	\$ 3,467,155

The Agency's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2016 and the three preceding years were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2013	\$ 564,238	25.0%	\$ 1,466,887
June 30, 2014	708,796	19.8%	2,035,193
June 30, 2015	784,716	19.2%	2,669,221
June 30, 2016	984,646	18.9%	3,467,155

Funding Status and Funding Progress

As of June 30, 2016, the most recent actuarial valuation date, the plan was not yet funded. The Agency's actuarial accrued liability for benefits at June 30, 2016 was \$11,058,000, and the covered payroll (annual payroll of active employees covered by plan) was \$2,666,000 with a ratio of the UAAL to the covered payroll of 414.8%. The normal cost payments made of \$186,712 at June 30, 2016 funded 21.1% of the Annual Required Contribution (ARC), leaving an unfunded actuarial liability (UAAL) of \$11,058,000 and a funded ratio of 0.0%.

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Assets (A)</u>	<u>Actuarial Accrued Liability Entry Age (B)</u>	<u>Unfunded AAL (UAAL) (B-A)</u>	<u>Funded Ratio (A/B)</u>	<u>Covered Payroll (C)</u>	<u>UAAL as a Percentage of Covered Payroll [(B-A)/C]</u>

June 30, 2016	-	11,058,000	11,058,000	0.0%	2,666,000	414.78%

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 8 - Post Employment Benefits: (Continued)

Funding Status and Funding Progress (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial assets, consistent with the long-term perspective of the calculations.

The actuarial cost method used for determining the benefit obligations is the Entry Age Normal Cost Method. The actuarial assumptions included a 4.0% discount rate, which assumes the Agency continues to maintain the retiree health benefits program as an unfunded plan. The amount represents the present value of all contributions for retiree health benefits projected to be paid by the Agency for current and future retirees, and an annual healthcare cost trend rate of 4 percent. Both rates included a 3.80% inflation assumption. The UAAL is being amortized as a level percentage of projected payroll over 27 years. It is assumed the Agency's payroll will increase 3.25% per year.

Note 9 - Defined Benefit Pension Plan:

General Information About the Pension Plans

Plan Description - All qualified permanent and probationary employees are eligible to participate in the Miscellaneous Plan of the Amador Water Agency, (All Plans) a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

General Information About the Pension Plans (Continued)

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. The Plan's provisions and benefits in effect at June 30, 2016, are summarized as follows:

	Miscellaneous		
	Prior to January 1, 2013	On or After Second Tier	January 1, 2013 PEPRA
Benefit formula	2.0% @ 55	2% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit Payments	Monthly for life	Monthly for life	Monthly for life
Retirement age	50	50 - 63	52 - 67
Monthly benefits, as a % of eligible compensation	2.0% to 2.5%	1.092% to 2.418%	1.0% to 2.5%
Required employee contribution rates	8.00%	7.00%	6.25%
Required employer contribution rates	8.003%	0.00%	6.237%

Contribution Description - Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS annual actuarial process. The Plans actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the measurement period ended June 30, 2015 (measurement date), the active employee contribution rate for employees hired prior to January 1, 2013 is 8.0% of annual payroll and the employer's contribution rate is 8.003% of annual payroll. The active employee contribution rate for those employees hired on or after January 1, 2013 is 6.50% of annual pay, and the employer contribution rate is 6.237% of annual payroll. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any employer paid member contributions or situations where members are paying a portion of the employer contribution.

The Agency's contribution to the Plan for the year ended June 30, 2016 were as follows:

Contributions - Employer	\$ 398,264
Contributions - Employee (Paid by Employer)	\$ 44,216

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ending June 30, 2015 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2014 total pension liability determined in the June 30, 2014 actuarial valuation. The June 30, 2015 total pension liability was based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table	Derived using CalPERS' membership data for all funds
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter

All other actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the fiscal years 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Change of Assumptions

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate was changed from 7.50% (net of administrative expense in 2014) to 7.65% as of the June 30, 2015 measurement date to correct the adjustment which previously reduced the discount rate for administrative expense.

Discount Rate

The discount rate used to measure the total pension liability was 7.65%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the test revealed that the assets would not run out. Therefore, the current 7.65% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65% is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained on CalPERS' website under the GASB 68 section.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

Discount Rate (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns on all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11 - 60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was the set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class.

<u>Asset Class</u>	<u>Current Target Allocation</u>	<u>Real Return Years 1 - 10¹</u>	<u>Real Return Years 11 + ²</u>
Global Equity	51.0%	5.25%	5.71%
Global Fixed Income	19.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	10.0	6.83	6.95
Real Estate	10.0	4.50	5.13
Infrastructure and Forestland	2.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)

¹ An expected inflation of 2.5% used for this period.

² An expected inflation of 3.0% used for this period.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

Allocation of Net Pension Liability and Pension Expense to Individual Employers

The following table shows the Agency's proportionate share of the net pension liability over the measurement period.

	Total Pension Liability (a)	Increase (Decrease) Plan Fiduciary Net Pension (b)	Net Pension Liability (c) = (a) - (b)
Balance at June 30, 2014	\$ 14,426,316	\$ 11,358,156	\$ 3,068,160
Balance at June 20, 2015	15,494,885	12,351,202	3,143,683
Net Changes During 2014 - 2015	<u>\$ 1,068,569</u>	<u>\$ 993,046</u>	<u>\$ 75,523</u>

The net pension liability of the plan is measured as of June 30, 2015, and the total pension liability for the plan used to calculate the net pension liabilities was determined by an actuarial valuation of June 30, 2014 rolled forward to June 30, 2015 using standard update procedures. The proportion of the net pension liability was based on a projection of the Agency's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The Agency's proportionate share of the net pension liability for the plan as of June 30, 2014 and 2015 was as follows:

	<u>Miscellaneous</u>
Proportion - June 30, 2014	0.049308 %
Proportion - June 30, 2015	<u>0.045800 %</u>
Change - Increase (Decrease)	<u>(0.003508 %)</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the Measurement Date, calculated using the discount rate of 7.65%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.65%) or 1 percentage-point higher (8.65%) than the current rate:

	Discount Rate -1% (6.65%)	Current Discount Rate (7.65%)	Discount Rate +1% (8.65%)
Plan's Net Pension Liability	<u>\$ 5,253,880</u>	<u>\$ 3,143,683</u>	<u>\$ 1,401,470</u>

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB 68, actuarial gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred inflows and deferred outflows to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Net difference between projected and actual earnings on pension plan investment	5 year straight-line amortization
All other amounts	Straight-line amortization over the expected remaining service lifetime (EARSL) of all members that are provided with pensions (active, inactive, and retired) as of the beginning of the measurement period

The Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments is amortized over a five-year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period, and the remaining Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments at the measurement date is to be amortized over the remaining four-year period. The Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments in the schedule of Collective Pension Amounts represents the unamortized balance relating to the current measurement period and the prior measurement period on a net basis.

Deferred outflows of resources and deferred inflows of resources relating to Differences Between Expected and Actual Experience, Changes of Assumptions and employer-specific amounts should be amortized over the EARSL of members provided with pensions through the Plan. The EARSL for the Plan for the June 30, 2015 measurement date is 3.8 years, which was obtained by dividing the total service years by the total number of participants (active, inactive, and retired) in the Plan. Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 9 - Defined Benefit Pension Plan: (Continued)

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2016, the Agency recognized a pension expense of \$92,121 for the Plan. As of June 30, 2016, the Agency reports deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to the measurement date	\$ 398,264	\$ -
Differences between actual contributions made and proportionate share of contributions	-	73,522
Differences between expected and actual experience	23,346	-
Changes of assumptions	-	220,874
Net difference between projected and actual earnings on pension plan investments	-	110,727
Adjustment due to difference in proportions	-	69,495
Total	<u>\$ 421,610</u>	<u>\$ 474,618</u>

The \$398,264 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows and deferred inflows of resources in the previous chart will be recognized in future pension expense as follows:

<u>Measurement Period Ended June 30</u>	<u>Deferred Outflows/(Inflows) of Resources</u>
2016	\$ (205,126)
2017	(205,454)
2018	(182,227)
2019	141,535
Total	<u>\$ (451,272)</u>

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 10 - Litigation:

Legal claims and lawsuits arise from time to time in the normal course of business which, in the opinion of management, will have no material effect on the Agency's financial position.

Note 11 - New Governmental Accounting Standards:

GASB No. 72

In February 2015, The Governmental Accounting Standards Board issued Statement No. 72, "Fair Value Measurement and Application." This pronouncement provides guidance for determining fair value measurement for financial reporting purposes and provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. Governments are required to use valuation techniques that are appropriate under the circumstances and for which sufficient data is available to measure fair value. Required disclosures include the level of fair value hierarchy and valuation techniques and should be organized by type of asset or liability. This pronouncement is effective for financial statements for periods beginning after June 15, 2015. Earlier application is encouraged. This pronouncement did not have a material effect on the financial statements of the Agency in the year of implementation.

GASB No. 73

In June 2015, The Governmental Accounting Standards Board issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." This pronouncement establishes requirements for defined benefit pension plans that are not with the scope of Statement No. 68, as well as assets accumulated for purposes of providing those pensions. It establishes requirements for defined contribution pension plans that are not within the scope of Statement No. 68 and amends certain provisions of Statement No. 67. The pronouncement extends the approach to accounting and financial reporting established in Statement 68 to all pensions with modifications as necessary to reflect that for accounting and financial reporting purposes, any assets accumulated for pensions that are provided through pension plans that are not administered through trusts that meet the criteria specified in Statement 68 should not be considered pension plan assets. It also requires that information similar to that required by Statement 68 be included in the notes and required supplementary information by all similarly situated employers and nonemployer contributing entities. The requirements of this statement addressing accounting and financial reporting for employers that are not within the scope of GASB 68 are effective for financial statements for fiscal years beginning after June 15, 2016. All other provisions are effective for periods beginning after June 30, 2016. This pronouncement did not have a material effect on the financial statements of the Agency.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 11 - New Governmental Accounting Standards: (Continued)

GASB No. 74

In June 2015, the Governmental Accounting Standards Board issued Statement No. 74, “Financial Reporting for Postemployment Benefit Plans Other than Pension Plans.” This pronouncement improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This pronouncement replaces Statement No. 42 and Statement No. 57. It also includes requirements for defined contributions OPEB plans that replace the requirements for those OPEB plans in Statement No.25, Statement No. 43 and Statement No. 50. This pronouncement establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. This pronouncement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 75

In June 2015, the Government Accounting Standards Board issued Statement No. 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pension”. This pronouncement replaces the requirements of Statement No. 45, and Statement No. 57. Statement No 74 establishes new accounting and financial reporting requirements for OPEB plans. This pronouncement addresses accounting and financial report for OPEB that is provided to the employees of state and local governmental employers. It also establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For define benefit OPEB, this pronouncement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. This pronouncement also addresses note disclosure and required supplementary information about defined benefit OPEB. This Statement is effective for financial statements for fiscal years beginning after June 15, 2017. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 76

In June 2015, the Government Accounting Standards Board issued Statement No. 76, “The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments”. The objective of this pronouncement is to identify in the context of the current governmental financial reporting environment the hierarchy of generally accepted accounting principles (GAAP). This pronouncement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This pronouncement supersedes Statement No. 55. The requirement of this pronouncement are effective for financial statements for period beginning after June 15, 2015 and should be applied retroactively. This pronouncement did not have a material effect on the financial statements of the Agency in the year of implementation.

AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

Note 11 - New Governmental Accounting Standards: (Continued)

GASB No. 77

In August 2015, the Governmental Accounting Standards Board issued Statement No. 77, “Tax Abatement Disclosures”. This pronouncement requires disclosure of tax abatement information about a reporting government’s own tax abatement agreements and those that are entered into by other governments and that reduce the reporting government’s tax revenues. This pronouncement requires governments that enter into tax abatement agreements to disclose brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients, the gross dollar amount of taxes abated during period and commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 78

In December 2015, the Governmental Accounting Standards Board issued Statement No. 78, “Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plan”. This pronouncement amends the scope and applicability of Statement No. 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that is not a state or local government pension plan, that is used to provide defined benefit pensions both to employees of state or local governmental employers and to employers, and that has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This Pronouncement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above. The requirements of this Pronouncement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 79

In December 2015, the Governmental Accounting Standards Board issued Statement No. 79, “Certain External Investment Pools and Pool Participants”. This pronouncement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. This pronouncement establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. The requirement of this pronouncement are effective for reporting periods beginning after June 15, 2015 except for certain provisions on portfolio quality, custodial credit risk, and shadowing pricing. Those provisions are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. This pronouncement did not have a material effect on the financial statements of the Agency in the year of implementation.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 11 - New Governmental Accounting Standards: (Continued)

GASB No. 80

In January 2016, the Government Accounting Standards Board issued Statement No. 80, “Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14”. This pronouncement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units including in the financial reporting entity pursuant to the provision of Statement No. 39. The requirements of this pronouncement are effective for reporting period beginning after June 15, 2016. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 81

In March 2016, the Governmental Accounting Standards Board issued Statement No. 81, “Irrevocable Split-Interest Agreements”. This Pronouncement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this Pronouncement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This Pronouncement requires that a government recognize revenue when the resources become applicable to the reporting period. The requirements of this Pronouncement are effective for financial statements for period beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

GASB No. 82

In March 2016, the Governmental Accounting Standards Board issued Statement No. 82, “Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73”. This Pronouncement addresses issues regarding the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Pronouncement amends Statements 67 and 68 to instead require the presentation of covered payroll, defined as the payroll on which contributions to a pension plan are based, and ratios that use that measure. The requirements of this Pronouncement are effective for reporting periods beginning after June 15, 2016, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer’s pension liability is measured as of a date other than the employer’s most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Earlier application is encouraged. The Agency has not yet determined the effects of this pronouncement on the financial statements of the Agency in the year of implementation.

**AMADOR WATER AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

Note 12 - Subsequent Event:

On November 17, 2016, The Agency issued \$28,475,000 Amador Water Agency Water Revenue Refunding Bonds, Series 2016A. The proceeds, along with certain other moneys, were used to extinguish \$19,270,000 of the 2006 Series A Certificates of Participation, \$4,165,000 of the U.S. Department of Agriculture Note which matures November 2043, \$2,760,000 of the U.S. Department of Agriculture Note which matures December 2048, \$1,860,000 of the U.S. Department of Agriculture Note which matures December 2048, \$185,831 of the U.S. Department of Agriculture Note which matures November 2044, and \$711,000 of the U.S. Department of Agriculture Note which matures May 2044. Annual payments of principal and interest from 2% to 5% of the outstanding principal balance are due over a 32 year period. The issuance of this debt has no impact to the cost sharing percentage agreement with the City of Plymouth.

Water and Waste Disposal Systems for Rural Communities	10.760	N/A	\$ -	\$ 1,202,021	\$ -
Total Direct Program			<u>-</u>	<u>1,202,021</u>	<u>-</u>
Total Federal Awards Expended			<u>\$ -</u>	<u>\$ 1,202,021</u>	<u>\$ -</u>

Note 1 - Basis of Presentation:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Amador Water Agency under programs of the federal government for the year ended December 31, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Amador Water Agency, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Amador Water Agency.

Note 2 - Summary of Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Amador Water Agency has elected not to use the 10-percent de minimis indirect cost rate as allowed under Uniform Guidance.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

To the Board of Directors
Amador Water Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Amador Water Agency, which comprise the statement of net position as of June 30, 2016, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended and the related notes to the financial statements, and have issued our report thereon dated April 27, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Amador Water Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Amador Water Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Amador Water Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Amador Water Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance
for the Major Program and on Internal Control Over
Compliance Required by the Uniform Guidance**

To the Board of Directors
Amador Water Agency

Report on Compliance for the Major Federal Program

We have audited Amador Water Agency's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Amador Water Agency's major federal program for the year ended June 30, 2016. Amador Water Agency's major federal programs is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Amador Water Agency's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Amador Water Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Amador Water Agency's compliance.

Opinion on the Major Federal Program

In our opinion, Amador Water Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of Amador Water Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Amador Water Agency's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Amador Water Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
