I. PURPOSE

The Amador Water Agency (Agency) seeks experienced and qualified firms to provide civil engineering, environmental engineering and related professional services, including the disciplines listed herein. The services may be required for planned activities or for actions needed on an emergency basis. Responders may be an individual, a firm, or a team with a primary responder and identified sub-consultants. The Agency intends to enter into contracts with at least two entities with two-year terms and one-year optional extensions.

II. BACKGROUND

The Agency was formed in 1959 to provide water resources services to Amador County. Today the Agency operates water and wastewater systems built as numerous separate systems over a wide span of time, and it is working to improve the quality and reliability of its infrastructure while providing essential services and working within the financial capacity of the community. The Agency's need for engineering services varies in intensity, and it maintains a small staff. In order to provide timely and efficient design and construction of Agency projects and complete private development review, Agency staff needs periodically to be augmented.

III. SERVICES

The types of engineering services that may be required by the Agency include, but are not limited to:

- Civil
- Structural
- Geological/Geotechnical
- Surveying and Mapping
- CAD and GIS
- Water and Wastewater Treatment
- Streets and Roadways
- Site Planning, Permitting, and Plan Review
- Construction Plans and Specifications
- Construction Management
- Inspection
- Estimating
- Environmental Review

Responders may choose to demonstrate qualifications only in certain disciplines, but responders must include personnel licensed to practice civil engineering in the state of California. Consultants will work under the direction of the Agency's Resident Engineer, and will work from their own offices unless presence at the Agency's office is required.

IV. RESPONSES

Responders shall submit statements of qualifications for themselves and any sub-consultants identifying the disciplines for which they wish to be found qualified. Statements shall be concise and shall not include unnecessary promotional material. The statement shall not exceed 15 pages, excluding resumes. Statements shall include the following components:

1. Cover letter signed by a person authorized to negotiate a contract with Agency.

2. Staffing and team experience.
3. Resumes.
4. Rate Schedule of most current rates for personnel identified in #2 above (see below).
5. References.
6. Acceptance of standard service agreement.

The Rate Schedule called for above is required to reflect the most current rates for all personnel identified in the Staffing and Team Experience portion of the response. However, the rate schedule will not be contractually binding. Rather, it will be used in comparative evaluation of responses.

Responses shall be submitted as a pdf file by email to bcook@amadorwater.org before 12:00 noon on March 1st, 2021. Late responses will not be considered.

Any changes the Agency makes to the requirements of this RFQ, or answers to any questions, will be made by written addenda posted on the Agency's website.

The Agency reserves the right to revise or withdraw this RFQ for any reason. The Agency reserves the right to reject all responses, to request additional information concerning any response for purposes of clarification, to accept or negotiate any modification to any response following the deadline for responses, and to waive any irregularities if it would serve the best interests of the Agency.

Any questions or request for information about this RFQ should be addressed as follows:

Brandt Cook
Amador Water Agency
12800 Ridge Road
Sutter Creek, CA 95685
Telephone: (209) 257-5206
Email: bcook@amadorwater.org

A copy of AWA's Standard Consultant Agreement is included in Appendix A.

All costs incurred by a responder during response preparation or in any way associated with the preparation, submission, presentation, or interview if held, shall be the sole responsibility of the responder.

By submitting a statement of qualifications, the responder represents that it has examined and is familiar with this RFQ and any addenda, that the qualifications information submitted is correct, and that responder understands and can agree to the provisions of this RFQ and the appended services agreement.

V. EVALUATION, SELECTION, AND ASSIGNMENTS

Statements of qualification will be evaluated by a committee of individuals selected by the Agency, and will be scored and ranked. Qualifications will be verified and references checked. In the event of close scoring, a shortlist interview may be performed remotely. Interviews, if needed, are tentatively scheduled for March 4-5, 2021.

In reviewing statements of qualification, the Agency will consider the following, and award scoring points up to the possible amount shown:

1. Experience in performing work in the relevant disciplines. (15)
2. Experience providing services in an on-call, extension-of-staff role. (10)
3. Experience in providing services to water and wastewater districts. (5)
4. Ability to be timely responsive to the Agency's service area. (10)
5. Familiarity with the rules, procedures, and practices of the County of Amador and other agencies in the Agency's service area. (5)
6. Overall value as indicated by the rates submitted in the response. (5)

Prior to execution of any agreement, consultants will be required to provide Agency evidence of all required business and professional licenses, current Department of Industrial Relations registration and all required certificates of insurance.

The Agency intends to award on-call services contracts to at least two entities. Each contract creates no obligation for the Agency to task the consultant with any work. When work is required, the Agency will issue a task order to a consultant with specific scope, schedule, and compensation provisions. Task orders must be executed by the consultant, and operate as amendments to the services contract. The Agency and consultant may negotiate compensation for each task on a time and materials, not to exceed, or fixed price basis.

The Agency expects to issue some task orders based on specific evaluation of the consultants' qualifications for a specific task. Agency also expects to issue some task orders based on abbreviated competition among on-call consultants. For those tasks, Agency will invite letter proposals, including a cost proposal, from qualified on-call consultants, and will select from among those letter proposals based on the Agency's determination of best overall value to the Agency. The Agency may negotiate price and scope for any task order prior to issuance.

No on-call consultant is guaranteed work. All task order awards are entirely at the Agency's discretion.

VI. DISPUTES RELATING TO RFQ PROCESS

Any dispute arising from the RFQ process prior to the award of a contract must be submitted in writing to Rick Ferriera within ten calendar days of the date of the recommendation award or denial letter. The only grounds for an appeal that will be considered are that AWA failed to follow the selection procedures specified in this RFQ or that there has been a violation of conflict of interest as provided by California Government Code section 87100 et seq; or violation of Federal or State law. AWA will consider only those specific issues addressed in the written appeal. AWA will make its determination within thirty (30) days of receipt and their decision shall be final with respect to the matters of fact.

VII. APPENDIX

A. CONSULTANT SERVICES AGREEMENT

**Amador Water Agency
Services Agreement**

This Agreement is entered into as of the date last signed and dated below by and between Amador Water Agency, a local government agency (“Agency”), and _____, a _____ ***[Insert type and jurisdiction of entity]*** (“Contractor”), who agree as follows:

1 Scope of Work

Contractor shall perform the work and render the services described in the attached Exhibit A (the “Work”). Contractor shall provide all labor, services, equipment, tools, material and supplies required or necessary to properly, competently and completely perform the Work. Contractor shall determine the method, details and means of doing the Work.

2 Payment

2.1 Agency shall pay to Contractor a fee based on Contractor’s time and expenses necessarily and actually expended or incurred on the Work in accordance with Contractor’s fee schedule on the attached Exhibit A.

There shall be no compensation for work or services by Contractor unless approved in advance in writing by Agency. Contractor’s fee includes all of Contractor’s costs and expenses related to the Work.

2.2 At the end of each month, Contractor shall submit to Agency an invoice for the Work performed during the preceding month. The invoice shall include a brief description of the Work performed, the dates of Work, number of hours worked and by whom (if payment is based on time), payment due, and an itemization of any reimbursable expenditures. If the Work is satisfactorily completed and the invoice is accurately computed, Agency shall pay the invoice within 30 days of its receipt.

3 Term

3.1 This Agreement shall take effect on the above date and continue in effect until completion of the Work, unless sooner terminated as provided below. Time is of the essence in this Agreement. If Exhibit A includes a Work schedule or deadline, then Contractor must complete the Work in accordance with the specified schedule or deadline, which may be extended by Agency for good cause shown by Contractor. If Exhibit A does not include a Work schedule or deadline, then Contractor must perform the Work diligently and as expeditiously as possible, consistent with the professional skill and care appropriate for the orderly progress of the Work.

3.2 This Agreement may be terminated at any time by Agency upon 10 days advance written notice to Contractor. In the event of such termination, Contractor shall be fairly compensated for all work performed to the date of termination as calculated by Agency based on the above fee and payment provisions. Compensation under this section shall not include any termination-related expenses, cancellation or demobilization charges, or lost profit associated with the expected completion of the Work or other such similar payments relating to Contractor’s claimed benefit of the bargain.

4 Professional Ability of Contractor

Contractor represents that it is specially trained and experienced, and possesses the skill, ability, knowledge and certification, to competently perform the Work provided by this Agreement. Agency has relied upon Contractor's training, experience, skill, ability, knowledge and certification as a material inducement to enter into this Agreement. All Work performed by Contractor shall be in accordance with applicable legal requirements and meet the standard of care and quality ordinarily to be expected of competent professionals in Contractor's field.

5 Conflict of Interest

Contractor (including principals, associates and professional employees) represents and acknowledges that (a) it does not now have and shall not acquire any direct or indirect investment, interest in real property or source of income that would be affected in any manner or degree by the performance of Contractor's services under this agreement, and (b) no person having any such interest shall perform any portion of the Work. The parties agree that Contractor is not a designated employee within the meaning of the Political Reform Act and Agency's conflict of interest code because Contractor will perform the Work independent of the control and direction of the Agency or of any Agency official, other than normal contract monitoring, and Contractor possesses no authority with respect to any Agency decision beyond the rendition of information, advice, recommendation or counsel.

6 Contractor Records

6.1 Contractor shall keep and maintain all ledgers, books of account, invoices, vouchers, canceled checks, and other records and documents evidencing or relating to the Work and invoice preparation and support for a minimum period of three years (or for any longer period required by law) from the date of final payment to Contractor under this Agreement. Agency may inspect and audit such books and records, including source documents, to verify all charges, payments and reimbursable costs under this Agreement.

6.2 In accordance with California Government Code section 8546.7, the parties acknowledge that this Agreement, and performance and payments under it, are subject to examination and audit by the California State Auditor for three years following final payment under the Agreement.

7 Ownership of Documents

All works of authorship and every report, study, spreadsheet, worksheet, plan, design, blueprint, specification, drawing, map, photograph, computer model, computer disk, magnetic tape, CAD data file, computer software and any other document or thing prepared, developed or created by Contractor under this Agreement and provided to Agency ("Work Product") shall be the property of Agency, and Agency shall have the rights to use, modify, reuse, reproduce, publish, display, broadcast and distribute the Work Product and to prepare derivative and additional documents or works based on the Work Product without further compensation to Contractor or any other party. Contractor may retain a copy of any Work Product and use, reproduce, publish, display, broadcast and distribute any Work Product and prepare derivative and additional documents or works based on any Work Product; provided, however, that Contractor shall not provide any Work Product to any third party without Agency's prior written approval, unless compelled to do so by legal process. If any Work Product is copyrightable, Contractor may copyright the same, except that, as to any Work Product that is copyrighted by

Contractor, Agency reserves a royalty-free, nonexclusive and irrevocable license to use, reuse, reproduce, publish, display, broadcast and distribute the Work Product and to prepare derivative and additional documents or works based on the Work Product. If Agency reuses or modifies any Work Product for a use or purpose other than that intended by the scope of work under this Agreement, then Agency shall hold Contractor harmless against all claims, damages, losses and expenses arising from such reuse or modification. For any Work Product provided to Agency in paper format, upon request by Agency at any time (including, but not limited to, at expiration or termination of this Agreement), Contractor agrees to provide the Work Product to Agency in a readable, transferable and usable electronic format generally acknowledged as being an industry-standard format for information exchange between computers (e.g., Word file, Excel spreadsheet file, AutoCAD file).

8 Confidentiality of Information

8.1 Contractor shall keep in strict confidence all confidential, privileged, trade secret, and proprietary information, data and other materials in any format generated, used or obtained by the Agency or created by Contractor in connection with the performance of the Work under this Agreement (the “Confidential Material”). Contractor shall not use any Confidential Material for any purpose other than the performance of the Work under this Agreement, unless otherwise authorized in writing by Agency. Contractor also shall not disclose any Confidential Material to any person or entity not connected with the performance of the Work under this Agreement, unless otherwise authorized in advance in writing by Agency. If there is a question if Confidential Material is protected from disclosure or is a public record or in the public domain, the party considering disclosure of such materials shall consult with the other party concerning the proposed disclosure.

8.2 Contractor, and its officers, employees, agents, and subcontractors, shall at all times take all steps that are necessary to protect and preserve all Confidential Material. At no time shall Contractor, or its officers, employees, agents, or subcontractors in any manner, either directly or indirectly, use for personal benefit or divulge, disclose, or communicate in any manner, any Confidential Material to any person or entity unless specifically authorized in writing by the Agency or by order of a court or regulatory entity with jurisdiction over the matter. Contractor, and its officers, employees, agents, and subcontractors shall protect the Confidential Material and treat it as strictly confidential in accordance with applicable law, Agency policies and directives, and best industry security practices and standards.

8.3 If any person or entity, other than Agency or Contractor, requests or demands, by subpoena, discovery request, California Public Records Act request or otherwise, Confidential Material or its contents, the party to whom the request is made will immediately notify the other party, so that the parties may collectively consider appropriate steps to protect the disclosure of those materials. The parties agree to take all steps reasonably necessary to preserve the confidential and privileged nature of the Confidential Material and its content. In the event that the parties cannot agree whether to oppose or comply with a disclosure demand, the opposing party may oppose the demand at its sole cost and expense, in which event the party favoring disclosure will refrain from disclosing the demanded Confidential Material until such time as a final agreement regarding disclosure is reached or, if an agreement is not reached, a judicial determination is made concerning the demand.

8.4 Unless otherwise directed in writing by the Agency, upon contract completion or termination, Contractor must destroy all Confidential Materials (written, printed and/or

electronic) and shall provide a written statement to the Agency that such materials have been destroyed.

9 Compliance with Laws

9.1 General. Contractor shall perform the Work in compliance with all applicable federal, state and local laws and regulations. Contractor shall possess, maintain and comply with all federal, state and local permits, licenses and certificates that may be required for it to perform the Work. Contractor shall comply with all federal, state and local air pollution control laws and regulations applicable to the Contractor and its Work (as required by California Code of Regulations title 13, section 2022.1). Contractor shall be responsible for the safety of its workers and Contractor shall comply with applicable federal and state worker safety-related laws and regulations.

9.2 California Labor Code Compliance for Pre- and Post-Construction Related Work and Maintenance.

9.2.1 This section 9.2 applies if the Work includes either of the following:

9.2.1.1 Labor performed during the design, site assessment, feasibility study and pre-construction phases of construction, including, but not limited to, inspection and land surveying work, and labor performed during the post-construction phases of construction, including, but not limited to, cleanup work at the jobsite. (See California Labor Code section 1720(a).) If the Work includes some labor as described in the preceding sentence and other labor that is not, then this section 9.2 applies only to workers performing the pre-construction and post-construction work.

9.2.1.2 “Maintenance” work, which means (i) routine, recurring and usual work for the preservation, protection and keeping of any Agency facility, plant, building, structure, utility system or other property (“Agency Facility”) in a safe and continually usable condition, (ii) carpentry, electrical, plumbing, glazing, touchup painting, and other craft work designed to preserve any Agency Facility in a safe, efficient and continuously usable condition, including repairs, cleaning and other operations on Agency machinery and equipment, and (iii) landscape maintenance. “Maintenance” excludes (i) janitorial or custodial services of a routine, recurring or usual nature, and (ii) security, guard or other protection-related services. (See California Labor Code section 1771 and 8 California Code of Regulations section 16000.) If the Work includes some “maintenance” work and other work that is not “maintenance,” then this section 9.2 applies only to workers performing the “maintenance” work.

9.2.2 Contractor shall comply with the California Labor Code provisions concerning payment of prevailing wage rates, penalties, employment of apprentices, hours of work and overtime, keeping and retention of payroll records, and other requirements applicable to public works as may be required by the Labor Code and applicable state regulations. (See California Labor Code division 2, part 7, chapter 1 (sections 1720-1861), which is incorporated in this Agreement by this reference.) The state-approved prevailing rates of per diem wages are available at <http://www.dir.ca.gov/oprl/DPreWageDetermination.htm>. Contractor also shall comply with Labor Code sections 1775 and 1813, including provisions that require Contractor to (a) forfeit as a penalty to Agency up to \$200 for each calendar day or portion thereof for each worker (whether employed by Contractor or any subcontractor) paid less than the applicable prevailing wage rates for any labor done under this Agreement in violation of the Labor Code, (b) pay to each worker the difference between the prevailing wage rate and the amount paid to

each worker for each calendar day or portion thereof for which the worker was paid less than the prevailing wage, and (c) forfeit as a penalty to Agency the sum of \$25 for each worker (whether employed by Contractor or any subcontractor) for each calendar day during which the worker is required or permitted to work more than 8 hours in any one day and 40 hours in any one calendar week in violation of Labor Code sections 1810 through 1815.

9.2.3 If the Work includes labor during pre- or post-construction phases as defined in section 9.2.1.1 above and the amount of the fee payable to Contractor under section 2 of this Agreement exceeds \$25,000, Contractor must be registered and qualified to perform public work with the Department of Industrial Relations pursuant section 1725.5 of the Labor Code.

Contractor's Public Works Contractor Registration Number: _____

9.2.4 If the Work includes maintenance as defined in section 9.2.1.2 above and the amount of the fee payable to Contractor under section 2 of this Agreement exceeds \$15,000, Contractor must be registered and qualified to perform public work with the Department of Industrial Relations pursuant section 1725.5 of the Labor Code.

Contractor's Public Works Contractor Registration Number: _____

9.3 Contractor may perform some of the Work pursuant to funding provided to the Agency by various federal and/or state grant and/or loan agreement(s) that impose certain funding conditions on Agency and its sub-recipients (the "Funding Conditions"). For any such Work, if Agency informs Contractor about the Funding Conditions, then Contractor agrees to determine, comply with and be subject to the Funding Conditions that apply to Agency's Contractors and contractors performing the Work, including, but not limited to, provisions concerning record keeping, retention and inspection, audits, state or federal government's right to inspect Contractor's work, nondiscrimination, workers' compensation insurance, drug-free workplace certification, and, compliance with the Americans with Disabilities Act and related State laws.

10 Indemnification.

10.1 Contractor shall indemnify, defend, protect, and hold harmless Agency, and its officers, employees and agents ("Indemnitees") from and against any claims, liability, losses, damages and expenses (including attorney, expert witness and Contractor fees, and litigation costs) (collectively a "Claim") that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Contractor or its employees, agents or subcontractors. The duty to indemnify, including the duty and the cost to defend, is limited as provided in this section. However, this indemnity provision will not apply to any Claim arising from the sole negligence or willful misconduct of Agency or its employees or agents. Contractor's obligations under this indemnification provision shall survive the termination of, or completion of Work under, this Agreement.

10.2 This section 10.2 applies if the Contractor is a "design professional" as that term is defined in Civil Code section 2782.8. If a court or arbitrator determines that the incident or occurrence that gave rise to the Claim was partially caused by the fault of an Indemnitee, then in no event shall Contractor's total costs incurred pursuant to its duty to defend Indemnitees exceed Contractor's proportionate percentage of fault as determined by a final judgment of a court or final decision of arbitrator.

11.1 Other Requirements. The general and automobile liability policy(ies) shall be endorsed to name Agency, its officers, employees, volunteers and agents as additional insureds regarding liability arising out of the Work. 12 General Provisions

12.1 **Entire Agreement; Amendment.** The parties intend this writing to be the sole, final, complete, exclusive and integrated expression and statement of the terms of their contract concerning the Work. This Agreement supersedes all prior oral or written negotiations, representations, contracts or other documents that may be related to the Work, except those other documents (if any) that are expressly referenced in this Agreement. This Agreement may be amended only by a subsequent written contract approved and signed by both parties.

No payment by Agency to Contractor shall be considered or construed to be an approval or acceptance of any Work or a waiver of any breach or default.
